Hotels in Dakar

Most hotels in Dakar are located either in the city centre (commonly known as Dakar Plateau) or in the Almadies neighbourhood, situated on the western tip of the peninsula close to the ocean. Both areas offer convenient access to essential services, including transportation, restaurants, and shopping facilities. The Almadies area is particularly vibrant in the evenings, with numerous beachfront restaurants, bars, and entertainment venues.

The Tax Justice Network Africa Secretariat, with the assistance of HERTZ travels Dakar , will provide shuttle bus services between selected hotels in Dakar and the conference venue. The shuttle bus schedule will be shared together with other event-related documents.
